

CITV Set To Unleash Fleabag Monkeyface!

UK children's network CITV will be the broadcast home for new animated series *Fleabag Monkeyface*. The 52 x 11 minute episodes are based on the popular books by Knife and Packer and will launch on CITV, ITV1 and GMTV1 Monday 19th December 2011, aimed at 6-10 year olds. This fast paced, fearsomely funny series follows the gross out adventures of our eponymous hero and his two creators, Gene and Gerald, best friends and fans of all things grossly silly. Together they present a weekly TV show called *Gross Out TV*, a show they were given when its original presenter Dr Dirk Spamflex became evil and tried to take over the world with a monster called Earmageddon, created entirely from earwax!
